

NGQMA Monthly Meeting		6/6/2011
Opening Prayer	Mr. Kimbarl	Mr Thomas offered an opening prayer.
Read minutes from last meeting	Mr. Mackie	Mr Mackie read the minutes from the prior meeting. Minutes were accepted.
Read financial report	Mrs. Thomas	Mrs Thomas read the financial report. Accepted as read. Beginning 7387.37 End 8715.99
Discuss any old busines	Mr. Kimbarl	Mr Cheeseman asked about scoring...Is there a way for a scorer to cheat... there is not since several people score the race and compare results Mr Troyer of R3 says the head scorer must be present in the tower, even if their own kid is driving. Discussion about why we dont use the computer as the official scoring. A problem we have is that we are so limited on scorers that we are lucky to have the ones we have. The computer is easy to run the race, but setup is not trivial. We need to get clarification from QMA if we can use the computer as the official scorer. We discussed hiring a person to run the computer such as Mrs Metzger. Mrs Thomas makes a motion that we hire Mrs Metzger to operate our computer scoring system. Motion is accepted. Mark will contact Mrs Metzger to see if she will do the job.
Current Racing Issues	Mr. Kimbarl	July 9th Race TVQMA lost their track, due to the flooding and washing away the road, the track is shut down for good. So it seems that NGQMA will get the July 9th Region Race. It will 'count' as the TVQMA race for purposes of qualifying for championship points. It will not be a local points race. We decided the following: Ask for donations at registration for the trophy fund for this region race. We will use existing trophies and also tshirts. We will ask for donations also via email and at the concession stand. We will ask for trophy sponsorship also.
		Exhibition Race the night of the fireworks We will find out who is planning to come run the exhibition. We will make accomodation for the cars that will be running. We will set up a schedule of racing for the event, so it is more organized.
		4th of July Parade Tony Reid will help with the trailer to carry the cars. Erik will call Cindy Webb to get the details as the Thomas' will probably not be here that day. Cars must be set up at 7:30am to get the good spot in line.
		July 15th Sr Honda & Heavy160 race Friday night race. Trophy will come from inventory. Tshirt will need to be designed. We decided there would not be enough cars to justify a tshirt screen - so we decided to drop the entry fee to \$15 and have a trophy for the winner.
		July 16th Jack Slayton Classic Night Race There was brief discussion that many members have asked for more night races to beat the heat.
		Progress on Grands Committee
